Sir:

SUBMISSION

Responsive to the Notice of Allowance mailed March 30, 2005, Applicant notes that the title of the invention is incorrect. The correct title should be "MAGNETICALLY ENHANCED" RADIATION SOURCE". This amendment to the title was made in the Amendment filed September 14, 2004 in response to the Examiner's Office Action of May 24, 2004 wherein the Examiner stated that a new title is required because the title of the invention was not sufficiently descriptive.

Applicants also note that they are entitled to small entity status.

I hereby certify that this correspondence is being deposited via facsimile, no. 703-872-9306 to Mail Stop Issue Fee, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450, on May 20, 2005
